

Principal's Newsletter

Issue 1 - Friday 7th February 2020

Transition Events

Some families have enquired about our transition programme for new students. I will be in touch very soon with information on group and personalised transition programmes to ensure that every student joining us has a happy and successful start at Snowfields Academy.

Uniform

I have met with Emma, our representative from Brigade and finalised the school uniform and PE kit.

Once the designs are completed I will share the details on how you can order online. We will be holding a fitting session in the coming months and I will let you know once the date is confirmed.

Welcome to the first edition of the newsletter for Snowfields Academy. This is an exciting time as we are on the home run for our opening in September 2020!

We have been receiving many applications for new pupils, in Years 7, 8 and 9 and I have spent a lot of time deciding on class groups to ensure that all pupils have the correct peer group and will be working at similar levels. We will be planning some meet and greet sessions shortly, where pupils and parents will be able to meet each other in preparation for the start of their new academic year.

On site, B+K have worked hard and been extremely busy to ensure deadlines are met and have now completed the installation of the concrete floors and roof, laid the roof coverings, started the construction of the external and internal walls and the installation of the mechanical and electrical apparatus. As well as this, they are also busy constructing the new school access road onto Gidds Pond Way. Thankfully, the recent downpours have not slowed down the building works and we are still on schedule.

The photo above was taken in early January showing Snowfields Sports Hall in the foreground.

The picture on the left shows the internal view of a classroom

Get in Touch

If you have any questions and would like to find out more about Snowfields Academy, please feel free to visit our website, or email our office manager directly.
